

On the dates in question, Oct. 26th and Oct. 27th,

I was engaged in my normal daily routines.

On both days I got up at 5 am and left for work by 6 am. I arrived at school

and took care of my morning routine of setting up my classroom for the day. I taught all day,

went to pick up my kids at 4:00 and

was home by 4:30. As you can

see, I lead a very boring and predictable

life. On both days I was in bed before

9 pm. I did not leave the house once

I got home from work!
